

2006 KeefeTeam Friday Night Breakaway #1 6-2-06

The opening night of the 2006 KeefeTeam Friday Night Breakaway was held at the Hellyer Park Velodrome on an almost balmy evening. Great sunset. Great moon. Great racing.

We had a slightly smaller turnout than expected, but it didn't effect the quality of the racing, as it was fast and furious. Those riders that didn't show up this week missed a great chance to collect on the great prize list we have this year, so come on out next week.

We had a few small glitches with running the show, as this was the first night of the new Friday Night program, but we've identified most of them, and will work the bugs out as we go. If anyone has any thoughts or ideas on improving the program, please let us know.
