

2006 KeefeTeam Friday Night Breakaway #5
6/30/06

It was slightly cooler this evening than previous Friday Night races but that did not stop large numbers of folks from trying out the new Friday Night format. The final open race had 33 racers from all three categories and was fast and safe.

The program took a little longer to run than was necessary due to several factors including the death of our PA system. So Luther, Matt and I yelled and got most of the job done.

We had a great night of racing with no scandals or disqualifications. Don and Gen took a bit of a tumble in the Kierin final but both got up and walked away with no more than a little road rash.

Please note updates. Next week Iâ€™m sticking closer to the race schedule. Specifically, the sprints are 4 â€” 3ups. The FIRST TWELVE THAT REGISTER RACE THE SPRINTS.
