

Sprint Tournament # 2

April 30, 2006

The 2nd sprint tournament was held on a sunny Sunday at Hellyer Park. Finally!

The weather being what it was, the 200 times were faster across the board, with Dean Haraguchi turning the fastest time, and the only 200 under 12 seconds. This month we ran a three-up round robin format with the winner of each 3 up race getting ten points and the runner up receiving five points. Points were totaled to determine a winner. The format was set up for fifteen riders and this month we had 25, so the top 15 200 times went into an "A" tourney, and the next 10 raced in the "B" tourney.

There was a point tie in the A group as Dean and Doug Northcott both won all of their races, getting 40 points each, forcing a final sprint between them to determine a winner. It was a race of two very different sprinting styles, with Doug in his big gear trying to win from the front as he had done all day, but Dean had just a little too much jump for Doug, winning the sprint-off for the overall win.
