The final B / C Points race saw a determined Scott Rodamaker gain a lap during the final bell lap. Break out the rule book on this one. See page 59 of your 2006 USCF Rule Book for:

2M3 Gaining Laps

(b) Riders who break away continue to score points until they have lapped the main group. Once they have lapped the main group, they must sprint with this group to score additional points, **even if they catch the group during a sprint lap.**

Because Scott caught the group during the sprint lap, he scored zero points but gained 20 points for gaining a lap.

Also either rider #243 did not sign in or he marked down the wrong race number at sign-in
