Thanks go out to Eugene Beyer and Keith Rabbin for their help last night in picking places and flipping lap cards, to Jen Coler for the Brownies, and to John Simmons for beating traffic!

Commentary: 2nd Thursday Night Racing of the year. Great weather, but a bit chilly for fast times. 65 degrees at 7pm and falling to 55 degrees by the end of racing. We ran two separate races last night with the C's opting for 90 laps and the A/B's going at 100 laps. All groups sprinted every 10 laps and 20 points were awarded to riders that took a lap.

The C's started at 7:10pm. We had ten starters, including one woman and four teammates! Four riders took at least one lap and two riders packed it in early, perhaps saving it for the weekend. 90 laps/ 9 sprints in 48:48 (23.2mph avg., up from 22.7 last week). The A's and B's were warmed up at the back of the C's for extra miles.

Twenty-one A's and B's raced together for a very exciting race! Results were separated by category entered. Four riders took a lap with fourteen laps to go so that completely flipped the standings up to that point. 100 laps/ 10 sprints in 51:22 (24.4mph avg.).

We're flexible enough with our schedule to accommodate more riders in every category, especially women! Please bring your friends out for some fun too!
