

## 2006 KeefeTeam Friday Night Breakaway #2 6-9-06

The rider turnout was much better this week with over 25 Pro/1/2's racing for their \$400 cash prize list. In addition, we had another 25 or so racers split among the Category 3's, Master/Women/Junior's and an experimental Women's only category.

The sprint event this week was a keirin. Driving the motor was everyone's favorite motorpace driver, Peter Bohl. Included in the start list were some very fast and well known names - Haraguchi, Rey, Langely, Nolan, Northcott and our perennial wonderkin, Daniel Holloway, among others.

The racing started off well, but we then had an unfortunate crash in the Women's race with Kelly Lefleur going down very hard. Racing had to stop until the paramedics arrived. We later received word from the hospital that she was ok. Come back soon, Kelly.
