

## 2006 KeefeTeam Friday Night Break Away #3 6/-16

It was a lovely Friday evening at the track. There was some fast and interesting racing. The fun-to-watch Holloway, Palaez, Nelson, Northcott and Rey keeping the program lively.

Brian Peterson made his Friday night debut winning the Cat 3 Omnium. We also welcomed Florian Schneider from Zurich and newly upgraded Jon Swanson.

The Masters/Women/Juniors combined field had many of the strong regulars such as Adams, S. Rodamaker, speedster Yokota and the crafty Altimirano. Eric Belgum stopped in this week from the Southern California where he races the San Diego and ADT tracks.

John Peckham crashed due to an overlapped wheel. No broken bones likely weâ€™ll see John back soon.

In the stands were a host of athletes here for the World Deaf Cycling Championships. We had spectators from 17 different countries.

Another great night of racing topped off with Sprints and a 8 team madison.
