

Sprint Tournament # 4
June 18, 2006

Sprint tourney #4 was held at the Hellyer Park Velodrome among the big buzz going on with the World Deaf Cycling Championships being held in San Jose this coming week with two events at Hellyer. With the deaf cyclists coming to the park for a training session while the tournament was still in progress, we actually had quite a crowd - which is always fun.

We ran a two up format this month based, as usual, on a 200 meter qualifier. Twenty two riders did the time trial, with twenty riders competing in the tournament itself. Weather was better today, although still a bit windy, so the 200 meter times were faster than at the time trial session we had last month.

Here are the times for yesterday, sorted by time, followed by the tournament results. Following the tournament results I've also listed the times so far this year sorted by name.

NAME	200m TIME
