

March 16, 2008 Sprint Tournament

A good time was had by all at the opening sprint tournament of 2008 on a VERY windy Sunday afternoon. 32 riders braved the gusts at Hellyer to start the season with a bang.

Matias Elgart set the 200 meter tt bar with a Hellyer PR of 11.86 seconds. He was closely followed by Giovanni Rey at 11.98 and Tor Roberts with a 12.09.

The biggest surprise of the day was Peter Bohl coming down to help out after being ill for a month or so. He looked great and it was wonderful seeing his smiling face again. Welcome back Peter

After the 200's we broke the racers into groups of six base on their 200m times. Racing with riders you're own speed is a lot more fun and also works better as a learning experience. We'll probably do at least one more sprint day with this format before we move into a real tournament format with elimination brackets and reps. Stay tuned.
